

Attachment I

Scope of Certification for Telecommunications Terminal Equipment

I Public Switched Telephone Network (PSTN)

1. Telephone set
2. Automatic alarming equipment
3. Telephone answering machine
4. Fax machine
5. Teletypewriter
6. Remote control equipment
7. Cordless phone
8. PABX
9. KTS
10. CTI
11. Data equipment
12. DS1 equipment
13. Caller ID terminal equipment
14. 2.4GHz RF TTE

II Public Land Mobile Network (PLMN)

1. 1200 bps single tone radio paging receiver
2. 160 MHz - 1200 bps radio paging receiver
3. 280 MHz - 1200 bps radio paging receiver
4. 280 MHz - 1200 bps radio paging receiver
5. 284.5 MHz - 285.5 MHz single tone radio paging receiver
6. 284.5 MHz - 285.5 MHz display radio paging receiver
7. 500MHz mobile data terminal equipment
8. 800MHz mobile data terminal equipment
9. 500/800MHz Trunked Radio mobile station
10. AMPS cellular phone
11. GSM900 cellular phone
12. DCS (GSM1800) cellular phone
13. CT-2 wireless PABX system
14. 1880-1895MHz indoor wireless PABX
15. 1905-1915MHz PHS terminal equipment
16. 1895-1900MHz and 1975-1980MHz PACS terminal equipment

III Integrated Service Digital Network (ISDN)

1. ISDN digital telephone
2. ISDN PC add-on card
3. ISDN G4 Fax
4. ISDN video phone
5. ISDN terminal adaptor
6. ISDN terminal adaptor module
7. ISDN PABX
8. Other ISDN TTE

IV Satellite Personal Communications Networks (S-PCN)

1. 1.6/2.4 GHz GMPCS terminal equipment
