

Charging Standards of National Communications Commission for Provision of Government Information

Promulgated on the XXth day of XXXX, XXXX on the letter of National Communications

Commission, numbered XXXXXXXX

- Article 1 These Standards have been established in accordance with Paragraph 2, Article 22 of the Freedom of Government Information Law, hereinafter referred to as ‘the Law.’
- Article 2 For access, transcript or tape-recording of information, the charge shall be NT\$ 20 for every two (2) hours; less than two (2) hours shall be considered as two (2) hours.
- Article 3 For reproduction or copy of information, the charge shall be based on the charging standards for reproduction or copy of information established by NCC, as shown in the attached table.
For items not specified in the charging standard mentioned in the previous paragraph, the reproduction or copy is charged according to the cost of reproduction or copy.
- Article 4 In the case where postal service is required for the reproduction or copy of information, the mail expenses shall be charged at cost.
- Article 5 For the request of government information for academic research or public interests, document(s) of proof shall be submitted at the time of application. Upon approval of the application, all charges regarding this particular application shall be reduced by 50% except the costs for postal services, which shall be charged at cost.
- Article 6 For the request of government information for matters specified in Paragraph 1, Article 12 of the Charges and Fees Act or for educational purpose, the information may be provided free of charge.
- Article 7 The charges specified herein shall be collected according to the applicable budget procedures.
- Article 8 These Standards shall be effective from the day of promulgation.
